# AIDEN VAN DER BERG

## FULL STACK DEVELOPER

---

## PROFILE

---

I am a full stack developer with over 4 years of experience in designing, developing, and deploying websites and web applications, with a strong foundation in both front-end and back-end technologies.

## WORK EXPERIENCE

---

- **IslandTribe** 2023 - 2024  
Lead Developer
  - Designed, developed, and maintained the website.
  - Created assets for the project.
  - Deployed and managed assets on the Bitcoin blockchain.
- **Vantasy Project** 2022 - 2023  
Full Stack Developer
  - Developed and deployed the website front end and back end.
  - Developed smart contracts for real estate ownership on the blockchain.
  - Built custom Discord Bots and moderated the Discord server.
  - Designed 3D Title Deed models in Blender.
  - Created custom React minting and owner's pages.
  - Designed UX flows following common design patterns.
- **Square Plum Design** 2020 - 2022  
Junior Developer
  - Designed front and back ends for clients.
  - Implemented Stripe payment gateways.
